

1 Development of a Green Star Communities framework

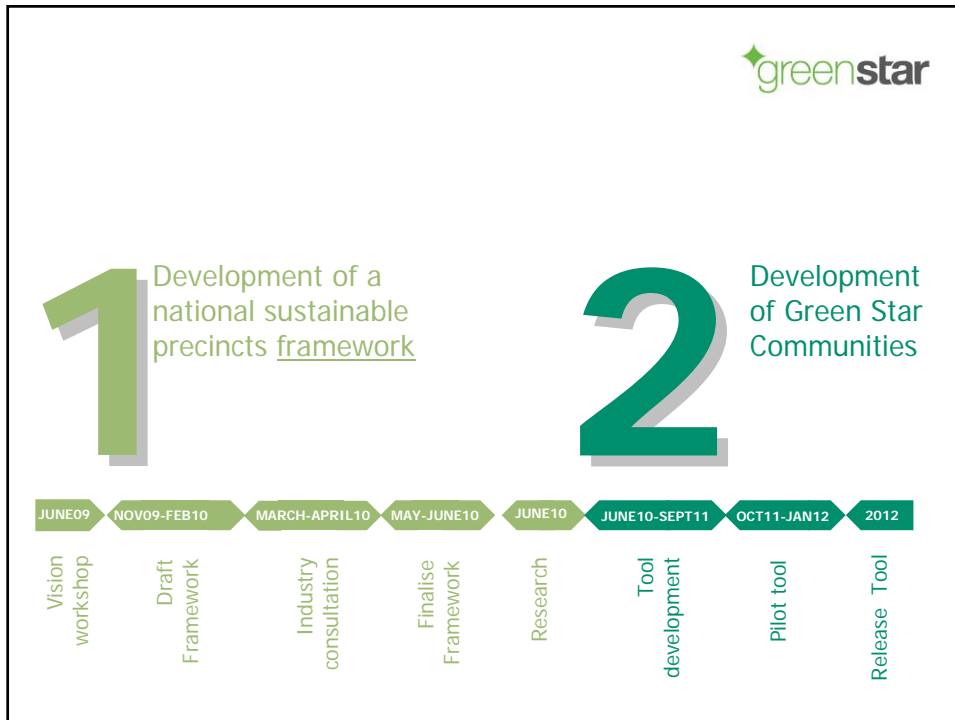

2 Development of the Green Star Communities rating tool

GREEN STAR COMMUNITIES
A DRAFT NATIONAL FRAMEWORK
FEBRUARY 2010

green building council australia

The screenshot shows the Green Star Communities Draft Framework webpage. At the top left is the 'green building council australia' logo. At the top right is the 'greenstar' logo with a 'LOGIN' button. Below these is a navigation menu with links: Home, About, Green Star, Education & Courses, Events, Membership, Be Involved, Resources, Media Centre, Shop, and a search box. A secondary menu includes: Draft Framework, Rating Tool, Become Involved, Latest News & Updates, Our Sponsors, and Green Star Communities Committees. The main content area features a large image of a modern residential development with the text 'greenstar COMMUNITIES' overlaid. Below the image is the title 'Green Star Communities Draft Framework' and a breadcrumb trail: 'Green Star / Green Star Communities / Draft Framework' with the date 'TUE 12 JAN, 2010'. The text explains that the framework provides a common language for sustainable communities in Australia. It lists objectives, including providing national consistency and a common language. A sidebar on the right contains a table of contents with links to 'Green Star Communities Draft Framework', 'Aspects of a Community', 'The Five Principles', and 'Users of the Framework'.

Green Star Communities Draft Framework

[Green Star / Green Star Communities / Draft Framework](#) TUE 12 JAN, 2010

Green Star Communities framework provides a common language for new and existing sustainable communities in Australia. It has been developed by industry and government to encourage best practise in sustainable outcomes across the systems within the community.

The objectives of the framework are to:

- Provide **national consistency and a common language** around the definition of best practice sustainable communities;
